

Internal Quality Assurance Cell (IQAC)
Gharda Institute of Technology
Report on Professional Development of faculty (2017-18)

To be able to build Quality Profiles of the Institute based on the revised guidelines of NAAC's QIF (Quality Indicator framework) and AQAR, the IQAC cell of the institute promotes faculty to attend professional development programs conducted by the institute and other institutes. This also helps to assess Qualitative and Quantitative Indicators across criteria and student satisfaction surveys.

62 staff members have participated in different kinds of developmental programmes in the academic year 2017-18. The list of the same is given below.

Sr. No.	Type of Development program attended	Number of faculty participated
1	Faculty development programs	28
2	Short term Training Programs	27
3	MOOC(NPTEL)	5
4	Orientation	6
5	Workshops	62
	Total	128

Along with above mentioned programmes; the institute organized various Expert Talks and other training programmes at department level for teaching, non-teaching and supporting staff. IQAC also plans certain activities to be implemented next year under the skill development for all the faculty members.
