**POLICY
FOR
GREEN CAMPUS**

GIT | GHARDA
INSTITUTE OF
TECHNOLOGY

2016-17

Objectives:

The main objectives of the green campus initiatives are:

1. To give importance for efficient water usage in the campus and recycle the waste water.
2. To provide healthy environment in the campus.
3. To maintain the ecology and green cover of the campus.
4. To develop the awareness and capacity building for sustainable living.

Following are the major Green Campus Initiatives:

1. Metering of water consumption at various activities like gardening, cleanliness, hygiene, domestic usage, laboratories, etc.
2. Rain Water Harvesting: To develop storage structures and redirecting the rain water in the main stream.
3. To treat the waste water before discharge and reuse of treated water.
4. To set up a cleaning routine of all overhead tanks and water bodies.
5. To maintain sanitation and hygiene in toilets, bathrooms, kitchens, cafeterias, water coolers, water fountains.
6. To conduct the water audit to understand the quantities and quality of water usage in the campus once in a year.
7. To promote on-campus composting of waste to avoid waste disposal.
8. To have proper solid waste management system by practicing recycle of solid waste.
9. To avoid usage of plastic.
10. To segregate different types of e-wastes and dispose it to designated e-waste disposing vendors.
11. To integrate the chemical waste management system in the campus.

12. To restrict vehicles in the campus and park them at designated area.
13. To have energy and environment audits regularly.
14. To identify and document the number of species and their habitats around the campus.
15. To preserve habitat by protecting flora and fauna around the campus.
16. To conduct periodic tree maintenance and plantation drives.
17. Conducting awareness workshops on waste management, water management, recycling, ecology, etc. in the campus.
