

**ONE PAGE REPORT ON "A CERTIFICATION COURSE ON REVIT
ARCHITECTURE"**

Department of Civil Engineering, Gharda Institute of Technology has Organized A Certification Course on "Revit Architecture" from 10th March 2022 to 16th March 2022. This course was organized for the Diploma, Degree, Post Graduate and Professionals belonging to the field of Civil Engineering.

Some of the advantages of the Course is as follows 1)Most demanding & valuable software used by the practising engineers in the Construction Industry now a days.2)There is an huge requirement of CAD engineers specialized in the BIM/REVIT ARCHITECTURE .

Number of Participants - 23 (Final Year Students from Civil Engineering Department of Gharda Institute of Technology)

Number of Training Hours- 49 (07 Days)

Course Duration- 10th March 2022 to 16th March 2022

Name of the Expert Agency for Course- Graphix Technologies,Pune

Name of the Trainer - Mr. Ayush Tirankar, Graphix Technologies, Pune

Department Faculties Involved-

- 1) Dr.S.K.Patil (Head of the Civil Engineering Department)
- 2) Prof.V.D.Kamble (Co-ordinatorof Revit Architecture Course)
- 3) Mr.H.S.Pawar (Department of Civil Engineering)

REPORT ON COURSE ON "REVIT ARCHITECTURE"

Title of the Course – Revit Architecture

Number of Training Hours- 49

Course Duration- 10th March 2022 to 16th March 2022

Name of the Expert Agency for the Course-Graphix Technologies, Pune

Name of the Trainer- Mr.Ayush Tinkar, Graphix Technologies

Department Faculties Involved-

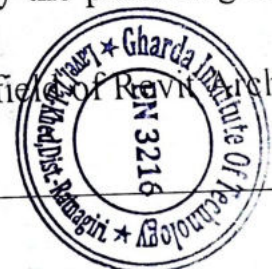

- 1) Dr.S.K.Patil (Head of the Civil Engineering Department)
- 2) Prof.V.D.Kamble (Co-Ordinator of Revit Architecture Course)
- 3) Mr.H.S.Pawar (Department of Civil Engineering)

Details of The Program-

Department of Civil Engineering Gharda Institute of Technology has organized A Certificate course on "Revit Architecture" from 10th March 2022 to 16 March 2022. This course was organized for the Diploma, Degree, Post Graduates and professionals belonging to the field of Civil Engineering. The expert trainer has explained the course in a detailed manner. Along with the theory and description of the software hands on practice as well as practical demonstration is taken during the course. The students have installed the software in their laptops. Overall response for the course was very good. Students have learn different practical insights of the Revit Architecture Course. Certificate distribution ceremony has been conducted during the last day of program. Total 23 Civil Engineering students were registered for the course. Feedback was taken after the completion of the course.

Some of the Advantages of the Course is as Follows-

- 1) This is most demanding and valuable software used by the practising engineers in the Construction Industry now a days.
- 2) There is a huge requirement of CAD Engineers in the field of Revit Architecture

CERTIFICATE COURSE ON REVIT ARCHITECTURE 10-16 MAR 2022

ORGANISED BY
DEPARTMENT OF CIVIL ENGINEERING G.I.T.,
IN ASSOCIATION WITH
GRAPHIC TECHNOLOGY, PUNE

Course Duration : One Week (Daily 07 Hours)

Location: Civil Computer Lab, GIT

Revit Architecture License Copies Available At The Institute

Course Fees : Rs 7000/- (Including GST)

Fees will be discounted to GIT students

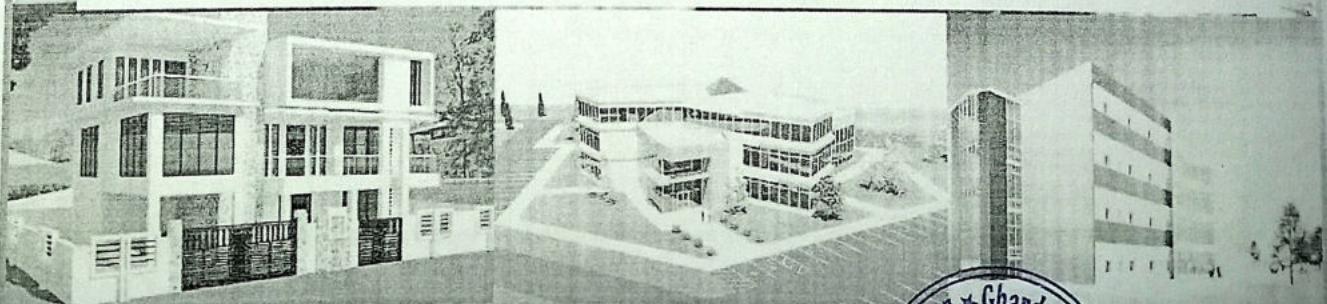

Register: <https://forms.gle/Hp8NR1wThEY1F96V7>

Who Can Attend :

1. Degree/Diploma Students
2. Professionals/Officers/Teachers/Aluminus

CONTACT : PROF. V.D. KAMBLE (8698 640 430 / 7841 985 909)

Summary of Feedback Forms Taken-

Please rate the content quality in Certification program

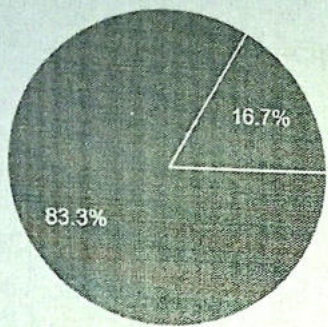

18 responses

- Excellent
- Good
- Average
- Below Average
- Poor (Please comment improvements in last Q)

Please comment about interaction with trainer. Was one to one interaction sufficient.

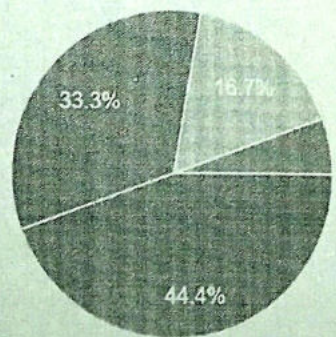

18 responses

- Excellent
- Above Average
- Average
- Below Average
- Poor (Please comment improvements in last Q)

Hands on practice about building information modelling (Revit), was it enough?

18 responses

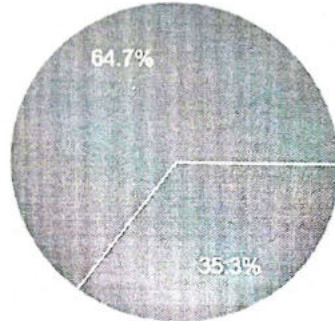

- Excellent exposure
- Enough practice
- Need more days of training
- Conduct more hands on excercize
- Not enough practice (Please comment improvements in last Q)
- Excellent

How do you rate computer, projector and lab facilities at Civil dept

Copy

17 responses

- Excellent
- Good
